CLEAR

HEALTHTECH

Welldoc's partnership with CLEAR offers a model for integrating digital solutions into the CMS health tech ecosystem for better outcomes.

The diagram illustrates the Ceribell EEG solution for delirium monitoring. It features a central computer monitor displaying EEG waveforms and a seizure burden trend graph. To the left, a black headband with blue electrodes is shown. Below the headband is a small, black, rectangular EEG recorder. To the right of the monitor is a smartphone displaying a graph of seizure burden trend. The background is a light gray with a subtle grid pattern. The text 'FDA Approves AI EEG for Delirium Monitoring' is prominently displayed in the center.
